IEEE Women in Engineering (WIE) Montreal Section, GIRO and CDS organize a seminar on the subject of

Women in Computing

Friday, December 1ˢᵗ, 2017 (12:00 pm - 14:30 pm)

McGill University (3480 University, Montreal, QC H3A 0E9)

McConnell Engineering Building

Room: ENGMC 603

Registration: https://meetings.vtools.ieee.org/m/48521

You are invited to hear about experiences of successful women leaders in computing industry. Join us to learn about the latest advances in the field of computer engineering. This seminar will cover topics specific to mobile applications development with a link to their practical implementation in an Android environment. Take advantage of the opportunity to discover real world applications of computer engineering concepts through innovative contributions of women leaders solving complex problems and creating positive impact in our daily lives.

Event is free, but spaces are limited! For this event, light lunch will be provided. Please register so that we can anticipate the number of attendees and order food accordingly.

12:00 - 12:15   Welcome and Opening

Milica Popovic, Chair of IEEE Women in Engineering Montreal Section, McGill University.

Saida Maaroufi, Vice-chair of IEEE Women in Engineering Montreal Section, Polytechnique Montreal.

12:15 - 13:45   Distinguished Academic and Industrial Speakers

Véronique Bouffard, Director, GIRO Inc, Montreal.

Pascale Elvas, Director, Canadian Digital Service (CDS), Ottawa.

Ronald Jean Julien, Professor, Gérald Godin College, Montreal.

13:45 - 14:15   Discussions

14:15 - 14:30   Conclusion and Closing
